

## Lodging Facts

Please see the list below for a list of hotels in the local area that have been reviewed by management at the base lodging office. These hotels have been screened by the base lodging manager and accept the government lodging rate.

The IOS arranges lodging for all International Military Students (IMS) who arrive within authorized reporting windows, which is generally 3-5 days prior to the course start date. Please check with the Security Cooperation Office or contact the IOS to confirm actual reporting windows. If students arrive outside authorized reporting windows, the IOS cannot guarantee the availability of lodging. All rooms contain a double bed, microwave, mini fridge and standard bathroom. Depending on availability, IMS are usually lodged in a room that contains a kitchen (includes stove top, full size fridge, small amount of kitchenware). Due to the high transition rate at Maxwell AFB, room type availability cannot be guaranteed until student arrival.

Permanent lodging for students with dependents is not available at Maxwell AFB. Students arriving with no more than two (2) authorized dependents can be lodged temporarily on base until off base housing is secured. Students arriving with more than two (2) dependents will be lodged off base at one of the contract quarters listed below. If receiving allowances from the U.S. Government, students will be reimbursed for off base lodging for one room, up to **\$83.00** per day. Any costs associated with additional rooms, extra occupants, or special requests is the responsibility of the student. Students can only be reimbursed for lodging during the authorized reporting window. Any lodging outside the authorized reporting window is the responsibility of the student.
